International scores 2019 / 2020

Dear Council Members,

Below is a summary of the singles and pairs international selection scores. Please note that the international selection score is only 1 of the criteria that the International Selections Committee (ISC) consider. As approved by council, skaters for ISU competitions **MUST** be ranked in the top 5 in their section in addition to achieving the minimum score. ISU technical score for championship events obviously applies for these events in addition to our required score. Please also note the additional technical requirements for Junior Grand Prix events as stipulated by the ISC. Please refer to the rule book for additional criteria for selections stipulated by the ISC.

Regards

Etienne Dreyer
NTC Chairman.
